# Garden renovated to attract butterflies

*Private residence, Preston, Connecticut  
Landscaping designed and installed by  
Sprigs & Twigs Landscapes, Gales Ferry, Connecticut*

**T**his drab concrete-draped front entrance was transformed into a lively butterfly garden with fieldstone pathways and a walkway. The part-time sunny environment was perfect for

the colorful plants butterflies love. Black-eyed Susan, False Ageratum, Meadow Sage, ornamental oregano and Summersweet are among the plants chosen to attract both flying and walking guests. **Price: \$18,000**
