Customer Input this Week:

Dear Linda,

After over 30 years of trying to make my shaded, sloping lawn healthy, I hired your firm to take care of it. I estimated that it would take about three years to put it in shape, if it could be done at all. This was the third season your company has been working here, and the lawn has far surpassed our expectations — it is lush, green, thick and nearly weed-free in all but the most shaded corners. My wife and I are delighted with the job you and your team have done. Your workers have been thoughtful, careful and thorough, doing their work in a high professional manner. Please let them know how pleased we are with their work and that we look forward to their continued work here. Thank you and Sprigs & Twigs for your efforts.

Linda's Answer:

Dear John – thank you very much for taking the time to give us your feedback on our Organic Lawn Care Program and our employees. I am especially proud of the fact the Sprigs & Twigs has more NOFA Accredited Organic Lawn Care Professionals that any other company.
