Linda's Thoughts This Week:

Thanks to everyone who stopped by our Home Show Booth and made appointments with us, it was great to meet you, get your projects started and hear your ideas for future "Ask the Landscape Professional" articles.

Now is the Time for Action to get ready for the Upcoming Season ...

- 1 Contact us now for 2014 services** – Sprigs & Twigs, Inc is signing up customers now for all of our services: Landscape Design, Installation and Maintenance, Lawn Care, Tree Care, Stonework, Decks and Stairs and Drainage Services. Go to our web site (www.SprigsandTwigs.net) and check out our company and see over 200 pictures of our work. If you like what you see, give us a call, we'd be happy to set up an appointment to visit with you to discuss your project.
- 2 Plan for your upcoming landscape installation or renovation** - our national award winning landscape design and installation team is going full speed preparing for customer installations this coming year. Check out examples of our work on our web site and give us a call.
- 3 The time is right to look up and inspect your trees** – our licensed arborist would be happy to visit and give you a free consultation about your trees. Now is a good time to take care of any tree issues you have.
- 4 Give serious consideration to Organic Lawn Care for 2014** - Using chemical fertilizers is detrimental to your lawn, your family and pets, your neighbors and the environment. Sprigs & Twigs has an established, effective 100% Organic Lawn Care program. (Beware of others that claim to be "organic", but are not). We have 8 organically accredited staff - the most of any company in Connecticut. Now is also a good time to sign-up for other Lawn Care Services such as leaf clean-up, mowing & trimming and lawn installation.
- 5 Plan for your Landscape Maintenance needs now** - Sprigs & Twigs offers one time maintenance spruce-ups, periodic maintenance visits, absentee owner services and seasonal maintenance contracts that are specifically for your property and needs.
- 6 Try our new Decks and Stairs Service** - Sprigs & Twigs Master Carpenter has over 20 years' experience in designing and building decks, stairs, sun awnings, screened porches and other outdoor living spaces in the material and finish of your choice. See pictures of our work at www.SprigsandTwigs.net.
